

Don't risk

- ✚ AIDS (Acquired Immune Deficiency Syndrome), Hepatitis B and other sexually transmitted diseases are worldwide.
- ✚ There is no vaccine against HIV (Human Immune Virus) or AIDS.
- ✚ Casual sex can be very risky!
- ✚ Take and use good quality condoms.
- ✚ Do not inject non-prescribed drugs or share injectable equipment.
- ✚ Consider access to screened blood in the event of an accident.
